Serving Washington County

Elevate is here to support

We all have the desire to live the best life we can. However, at times, we may need help to do that. Elevate Community Resource Center is focused on empowering individuals and enhancing the communities around us. From education, awareness and prevention programs to support, intervention and assistance services, Elevate makes it possible for individuals of all ages and their families to get the help they need.

At Elevate we focus on people and the community. We address root causes through intervention, prevention and residential programming that focuses on drug and alcohol issues, delinquency and mental health. We know that healthy and strong people are vital for successful communities. We also know that there is much a community can do to help strengthen and support the people that live and work there. We believe that everyone should be treated with dignity and respect, And that responsibility and accountability are paramount to accomplishing goals. We are here to support those who need us, to lift up our community and to help everyone live the best life possible.

Testimonials

"This facility is a truly wonderful place to have in the community. I have to say that all the staff have been here a long time which says a lot about their commitment and their working environment."

"I'm glad I came here because I learned a lot from the speaker and now I know how something stupid can go very wrong."

"Thank you once again for the respect, care and concern."

"It taught me what I did was horribly wrong and after seeing a real life example of a victim I realize what I did was unacceptable."

"Calm Harbor staff members were very helpful in my time of need! I am very grateful for their help and support."

"What started as a very negative and uncertain experience (and scary) did turn into a positive experience. I learned a lot and felt a bond with my son and other parents/kids. Kids need to know the consequences to make appropriate decisions. As I told my son- this was a life lesson. Thank you for providing this."
